## **AGENDA ITEM IV B**

### **PROPOSED PROGRAM TERMINATION**

#### **DELGADO COMMUNITY COLLEGE**

#### **CERTIFICATE OF TECHNICAL STUDIES IN HOMELAND SECURITY AND EMERGENCY MANAGEMENT**

##### **BACKGROUND INFORMATION**

While the Certificate of Technical Studies (C.T.S.) in Homeland Security and Emergency Management was instituted prior to Hurricane Katrina, the program has received little interest from students. Delgado Community College (DCC) indicates that other programs on the campus may be satisfying the needs of the current population and requests permission to discontinue the low-enrollment program.

##### **STAFF ANALYSIS**

The staff concurs with the institution's request and commends DCC for its self review.

##### ***STAFF RECOMMENDATION***

***The staff recommends that the Academic and Student Affairs Committee terminate the Certificate of Technical Studies in Homeland Security and Emergency Management at Delgado Community College (CIP Code 43.9999), effective immediately.***
